

Testimonials from Regional Businesses:

"Since becoming CEO of WCMH I have had the opportunity to work closely with Region 1 WORKFORCE West Virginia and West Virginia Workplace Education on a variety of training initiatives. Our hospital had minimal funding for training and yet Region 1 WORKFORCE West Virginia stepped in and provided valuable assistance in determining our training needs and developing meaningful training opportunities for our staff. We look forward to working more closely with Region 1 WORKFORCE West Virginia in providing for the training needs of our staff."

Mike Browning, CEO
Webster County Memorial Hospital

"I have had the opportunity to work with Region 1 WORKFORCE West Virginia and have found they are always working to find ways to assist employers with their human resource needs. They have been instrumental in connecting us with other state agencies that have programs that make my job easier. We have found the WorkKeys® assessments to be beneficial to our hiring process. It brings applicants to the table that have proven they can do the basic math and reading functions required to be successful in our business. When we have expressed a need for specific training, Region 1 WORKFORCE West Virginia works hard to bring us options and help us find funding as well."

Linda Vaughan, HR Generalist
Goodrich Corporation

"As a new employer in West Virginia, the help and guidance from the various staff at Region 1 WORKFORCE West Virginia has been a life saver. We have had several challenging requirements and Region 1 WORKFORCE West Virginia has come through for us as professionals with good information and direction. We utilize their assessment programs and find the feedback helpful in deciding how to work with the new hires. Several of our employees have gone through training programs and as a result we have better qualified men and women doing their jobs. If we need help on employment issues, the support people are very quick to get back to us with direction and helpful feedback."

Rob Kincaid, President
Accurate Millworks, Inc.
